

FEKO Student Competition

**Solve an engineering problem
using FEKO and you could win!**

The FEKO Student Competition is an international contest organized annually by the Altair team in support of engineering education. The competition is open to all under-graduate and post-graduate students, anywhere in the world, who are using FEKO.

What are they looking for?

Your submission should clearly describe:

- the research problem
- the modelling approach and solution method(s) used
- the results and conclusions drawn

What can you win?

- Paid attendance to an international Altair ATC or ATCx conference of his/her choice, including travel and accommodation costs up to the value of US\$2000 OR a state-of-the-art laptop computer to the value of US\$2000
- Recognition on the company websites as well as reference in all press releases relating to the event.
- Your supervisor also stands the chance to win an online store gift voucher to the value of US\$400

What do you do next?

Step 1: Complete the online registration form

Step 2: You will receive an email confirming your registration

Step 3: Full details, rules and requirements will be included in the email

Step 4: Submit your entry before the due date of **30 September 2016**
