

Department of Information Technology

Papers Published by the Faculty

Sr. No.	Name of Faculty	Paper Title	Name of Journal	ISSN/ISBN No.	Vol. No., Issue No., Year
1.	Mr. Subhrajit Nag	A smoothing based task scheduling algorithm for heterogeneous multi-cloud environment	IEEE Xplore	0018-9219	January, 2015
2.	Ms. Priyanka Tripathi	Extraction and Recognition of Multi-oriented text from Trademark and Logo Images	IEEE	0018-9219	May 27,2015
3.	Ms. Shalini Sharma	Improvising Information Security in Cloud Computing Environment	International Journal of Computer Applications	0975 - 8887	Vol No. 86, Issue 16, January 16,2014
4.	Dr. Aditi Paul, Mr. Subhrajit Nag	A Comparative Analysis of Sybil Attack Detection Techniques in MANET	International Journal of Engineering Science and Management	2231-3273	Vol No. 6, Issue 1, pp-82-89, April,2016
5.	Dr. Aditi Paul	FuNN - an Interactive Tool to Detect Sybil Attack in MANET	International Journal of Applied Research on Information Technology and Computing	0975-8070	Vol No. 7, Issue 1, April,2016
6.	Dr. Aditi Paul	Use of Spline Curve in Sybil Attack Detection based on Received Signal Power — New Approach	ACEEE IJRTET	2279-0047	June,2014 , Vol No. 11, pp 602-611
7.	Dr. Aditi Paul	A Conceptual Framework For Multipurpose Bill Payment System-Appraising Member Customers' Need	International Journal of Management, IT and Engineering,	ISSN 2249-0558	August,2012
8.	Dr. Aditi Paul	Modeling Different Forms of Sybil Attack in MANET	IPETET 2016	2395-5295	April,2016
9.	Mr. Subhrajit Nag	A Smoothing Based Task Scheduling Algorithm for Heterogeneous Multi-Cloud Environment	IEEE Xplore	ISBN: 978-1-4799-7682-9	Volume 1
10.	Mr. Manoj Kumar Yadav	Combinational Approach for Object Clipping Using GLIP and Protection Against Sql Injection Attacks	International Journal of Engineering Research and Applications (IJERA)	ISSN: 2248-9622	Vol. 2, Issue6, November-December 2012

11.	Dr. Deepti Gupta	Clustering Techniques :A Survey	SATI Journal of Science & Technology	(ISSN: 0973-4007)	Vol. 3, No.1, pp.11-18, 2012
		Mining Frequent Pattern Using New Approach	SATI Journal of Science & Technology	(ISSN: 0973-4007)	Vol. 3, No.1, pp.23-26, 2012
		Analysis Efficient Framework For Text Classification	SATI Journal of Science & Technology	(ISSN: 0973-4007)	Vol. 3, No.1, pp.32-34, 2012
		Automatic Document Classification through Efficient Unsupervised Learning Method	International Journal Of Science and Advanced Technology (IJSAT)	(ISSN 2221-8386)	Vol. 3, No. 2, pp. 24-29, 2013
		Clustering based outlier detection method for document classification	International Journal of Computer Science and Information Security (IJCSIS)	(ISSN 1947-5500)	Vol. 11, No.9, pp.91-96, 2013
